Hybrid USB Cable | USB C Cable (10Gbps) with USB A Adapter (5Gbps) | 2-Year Warranty

This hybrid 1-meter USB-C™ to C, USB 3.2 Gen 2 (10Gbps) cable with attached USB-A to C, USB 3.2 Gen 1 (5Gbps) adapter lets you connect a USB Type-C™ device, such as a docking station, hard drive, tablet or mobile device, to the USB-C or USB-A port on your host computer. The cable is also compatible with Thunderbolt™ 3 ports.

Note: When used with a USB-A host this cable will only work with docks that support DisplayLink.

Charge your USB Type-C devices faster

When used with a PD 3.0 enabled USB-C power source, the 1-meter USB-C to C cable supports up to 100W (5Amps) of power to charge a USB-C or Thunderbolt 3 laptop, tablet or smart phone.

Attached USB-C to USB-A adapter when paired with the USB-C to C cable also supports up to 15W (5V, 3Amps) of power to charge your devices from a USB-A wall charger, car charger or power bank -- perfect for people on the move, for providing simple, tidy connections.

Connect your USB 3.2 Gen 2 peripherals

The USB 3.2 Gen 2, USB-C to C cable offers 10Gbps data rate, enabling you to sync your USB Type-C devices in no time at all. You'll also be able to connect your USB 3 (3.0, 3.1 or 3.2) peripheral devices, such as hard drive enclosures and docks, to your USB-C or TB3 laptop.

USB 3.2 Gen 1, USB-C to A adapter, when used with the USB-C to C cable, offers 5Gbps data rate. You can spend less time transferring and backing up your data from your USB-C devices to your USB-A host and focus more on your projects and presentations.

Hybrid Docking Station cable

Use this cable with your Hybrid USB-C Docking Station or USB-C Hub to connect your laptop, tablet, smart phone or portable drives. This cable also comes as an accessory for StarTech.com's Hybrid
