Model: TM23D011E0100

Manufacturer: AG NEOVO TECHNOLOGY

EAN: 4710739592436

Product Code: 435116

R9,936

Crafted with advanced projected capacitive 10-point touch technology, the TM-23 not only delivers smooth and precise touch response, but also enables more creative and exciting interactive applications. Featuring Full HD resolution and an IPS panel, it ensures exceptional and accurate colour performance from all viewing angles. Its height adjustability and tilt flexibility ranging from –5 to 90 degrees guarantee ergonomic-friendliness and multi-user comfort, making it a value choice for public and interactive environments.
