

Kensington ClickSafe 2.0 3- in-1 Keyed Laptop Lock (Master Keyed FT)

Model: K68108EUM

Manufacturer: KENSINGTON

EAN: 5028252628143

Product Code: 436565

R2,095

The ClickSafe® 2.0 3-in-1 Keyed Laptop Lock fits any laptop with a Standard T-Bar, Wedge-Shaped or Nano security slot, allowing it to be locked down, regardless of brand or generation. The master keyed option allows administrative access for IT managers, while simplifying key management. Features include patented anti-pick Hidden Pin™ technology, ClickSafe® locking technology allowing the lock head to be attached with one hand in a single click, a cut-resistant carbon-steel cable, a pivoting and rotating head for flexible movement and easy key insertion, Register & Retrieve™ for quick, secure and easy key replacement, together with a five-year warranty backed by Kensington, inventor and worldwide leader in laptop security locks.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
