

InLine USB3.2 Gen.2 USB-C to M.2 SSD (PCIe NVMe & SATA) Enclosure

Model: 00031H

Manufacturer: INLINE

EAN: 4043718296071

Product Code: 449557

R1,469

Universally compatible: Supports both PCIe NVMe and SATA M.2 SSDs
Maximum performance: USB 3.2 Gen.2 with up to 10 Gb/s data transfer
Tool-free installation: Quick and easy installation without screws
Efficient cooling: metal casing with cooling fins on both sides for optimised heat dissipation
Robust design: high-quality workmanship for professional use

The InLine® USB3.2 Gen.2 USB-C to M.2 SSD case is the ideal solution for system houses and professional users who require a fast, reliable and flexible storage solution. It supports both PCIe NVMe and SATA M.2 SSDs, offering maximum flexibility for a range of applications. The integrated Realtek RTL9210B chipset automatically detects the storage type for seamless use.
With a data transfer rate of up to 10 Gb/s, the case ensures extremely fast file transfers – ideal for large amounts of data and professional applications. The tool-free design enables easy installation,
