The MPG Trident AS AI gaming desktop is designed to deliver strong performance with a sleek design. Powered by the latest Intel® Core™ Ultra 7 processor 265 and featuring an RTX™ 50 series graphics card. MSI's exclusive Silent Storm Cooling AI technology enables the system to effortlessly handle the high-speed nature of today's gaming demands.

MSI's premium MPG series is engineered for gamers who demand strong performance and sleek design. Each product showcases cutting-edge aesthetics and vibrant colors, reflecting MPG's commitment to exceptional design. With optimized configurations, MPG creates a visually striking and powerful gaming experience that leads the trends.

SEAMLESS EXPERIENCE WITH AI ENGINE

The MSI AI Engine can automatically detect the currently active app and adjust performance settings, RGB lighting effects, audio, and screen color accordingly. This ensures you have an optimized user experience without the need for additional settings.

Tick-tock, AIGC completes in seconds.
Thanks to the latest CPU with built-in NPU, GPU AI acceleration, and the exceptional cooling efficiency of Silent Storm Cooling AI, AI-generated content production is accelerated, delivering astonishing results in record time.

NEXT-GEN PERFORMANCE HYBRID
UP TO INTEL® CORE™ ULTRA 7 PROCESSOR 265
The latest Intel® Core™ Ultra 7 processor 265 marks a significant leap in processing power, featuring an integrated NPU for efficient AI acceleration. With up to 20 hybrid cores, this processor is optimized for enhanced gaming experiences and AI capabilities.

GEFORCE RTX™ 50 SERIES BREAKING FRONTIERS

Powered by NVIDIA Blackwell, GeForce RTX™ 50 Series GPUs bring game-changing capabilities to gamers and creators. Equipped with a massive level of AI horsepower, the RTX 50 Series enables new experiences and next-level graphics fidelity. Multiply performance with NVIDIA DLSS 4 and generate images at unprecedented speed.

NVIDIA DLSS 4

Supreme Speed. Superior Visuals. Powered by AI.

DLSS is a revolutionary suite of neural rendering technologies that uses AI to boost FPS, reduce latency, and improve image quality. The latest breakthrough, DLSS 4, brings new Multi Frame Generation and enhanced Ray Reconstruction and Super Resolution, powered by GeForce RTX™ 50 Series GPUs and fifth-generation Tensor Cores. DLSS on GeForce RTX is the best way to play, backed by an NVIDIA AI supercomputer in the cloud constantly improving your PC’s gaming capabilities.

Full Ray Tracing with Neural Rendering

Game-Changing Realism

The NVIDIA Blackwell architecture unlocks the game-changing realism of full ray tracing. Experience cinematic quality visuals at unprecedented speed powered by GeForce RTX 50 Series with fourth-gen RT Cores and breakthrough neural rendering technologies accelerated with fifth-gen Tensor Cores.

SILENT STORM COOLING AI

The system employs independent air chambers for each component, utilizing advanced algorithms to create optimal fan speed curves. It efficiently expels heat from gaming desktops, enabling uncompromised, extreme performance.

THE CENTERPIECE OF GAMING

The Trident series takes the lead as the most compact gaming desktop. Despite its 10-liter volume, it packs high-performance components typically found in full-tower cases, including the latest processors and graphics cards. Simply put, the only thing that can outshine the Trident series is its next evolution.

MYSTIC LIGHT

The MPG Trident AS AI dazzles with customizable RGB lighting. From the vibrant interior visible through tempered glass to external accents, the illumination enhances your gaming experience. With Ambient Link technology, lights sync with on-screen action, creating an immersive atmosphere that elevates both style and gameplay.

Generous Ports

The MPG Trident AS AI provides gamers with a diverse array of I/O options, including a convenient front-facing USB Type-C port for quick connection to the growing number of Type-C compatible devices.

USER-FRIENDLY INSTALLATION

The tempered glass panel can be quickly opened, and the EZ M.2 Clip allows for tool-free SSD upgrades with ease.

SOFTWARE

The MPG Trident AS AI features proprietary software engineered by MSI to enhance the gaming experience. Additionally, it incorporates third-party applications to deliver superior functionality and peak performance.

Uncompromising Product Quality

MSI products exemplify uncompromising quality. Through strict adherence to the MIL-STD-1916 testing standard in our factory inspections, we consistently achieve excellence in performance, durability, precision, and reliability. This commitment places MSI at the forefront, enabling us to consistently deliver outstanding designs to customers.

Performance Assurance

MIL-STD-1916 testing ensures MSI products meet high performance standards, providing a reliable gaming experience with desktops at their best.

Durability

MIL-STD-1916 testing ensures every component meets strict durability standards, making MSI products capable of lasting through extended gaming and work sessions while delivering reliable performance.

Precision

We employ automation and advanced technology to achieve the highest level of precision. This technology-driven approach allows us to create and test products with unparalleled accuracy.

Reliability

In competitive gaming, dependability is crucial. MSI products that undergo rigorous testing are less likely to fail during critical gaming moments, reducing frustration for players.

Readers’ Choice Gaming Brand Winner

Rated the best for overall satisfaction, likelihood to recommend, and gaming performance, MSI is your go-to for the best gaming desktop and monitor experience.
