Use the Victrix Gambit Wireless Gaming Headset for home and tournament play. Operate wirelessly with a 40-foot connection, or plug in the included 3.5mm cable, with in-line controls, to power your headset and make it competition legal. Hear your enemy before you see them with 3D Audio capabilities on PS5. Experience our Spectral Hearing™ through 50mm HD speaker drivers that deliver a superior dynamic range.

Get all-day comfort and a near-weightless experience with the ultra-lightweight design. Be heard, loud and clear through the bi-directional, noise-canceling mic originally created for the Cobra attack helicopter. As an officially licensed product, you'll get the quality you rely on to make your game-winning moves.
