

Bosch GSB 18V-45 Professional Drilling And Screwdriving Machine

Model: 06019K3301

Manufacturer: BOSCH

EAN: 4059952605661

Product Code: 451576

R3,293

GSB 18V-45 Professional: Further information

Product Highlights

The GSB 18V-45 has a brushless motor for a long lifetime and power for all standard applications. It reaches a maximum torque (hard) of 45 Nm and rotational speed of 1,900 rpm. The robust impact drill driver has a 13-mm metal chuck to ensure excellent torque transfer on the job. Due to its lightweight and compact design with only 174-mm head length, it is ready for use anywhere, while the included belt clip makes it effortless to carry.

Equipment & Application

The GSB 18V-45 Professional drives small-to-medium screws with a maximum drilling diameter of 8 mm. It offers a maximum drilling diameter in wood up to 35 mm, in steel up to 10 mm, and in masonry up to 10 mm. The impact drill driver is compatible with all Bosch Professional 18V batteries and chargers (Professional 18V system).
