

Bosch GluePen Hot glue pen Black, Green, Red

Model: 06032A2000

Manufacturer: BOSCH

EAN: 3165140705844

Product Code: 451608

R2,107

Glue anything, anywhere quickly and easily, with glue that never clogs or dries out

The cordless GluePen is the ultimate solution for quick and comfortable hot gluing. With only one battery charge, it can melt up to six glue sticks for uninterrupted work on projects. A short heat-up time of only 15 seconds allows for quick project starts, with very minimal waiting time. The glue pen is comfortable to use with an ergonomic shape, perfect for holding for a long period of time. Use the GluePen to glue virtually all materials such as paper, cardboard, textiles, leather, and cork. Wood, metal, plastic, and even stone can also be precisely fixed.

Enjoy a very fast 15-second heat-up time

The quick start feature provides a rapid 15-second heat-up time. A super-fast heating chamber reaches the perfect temperature for gluing rapidly, so the project can start immediately.
