Create those big batches of cakes and bread with the Chef XL Pro.

Handle even the heaviest of loads

The Chef XL Pro is ideal for those needing a kitchen machine robust and large enough to handle big batches of dough and mixes. Be it egg whites for meringue or pastry for pies, the 6.7L stainless steel bowl gives you the capacity you need.

Easy control

The start/stop buttons and variable speed dial make the machine easy to control, and the fold function enables you to gently fold ingredients in. For additional safety, there is a fixed stainless steel finger guard.
