elite's work routines. Connected with Yealink BH72/BH76 headset, it empowers customers to free their hands and work while taking calls.

Vibration Alarm

Every new message can be critical to the business, and the vibration alarm feature makes sure that every call is noticed, even in cluttered and stressful environments. Missing calls will not be your concern.

Quick Charging

Long charging time will reduce work efficiency, but that will not happen with Yealink W78H. 10-minutes charging time can outlast two hours of talk time, so even if you forget to charge, you don't have to worry about work being delayed.

Streamline Provisioning for Labor and Time Costs Saving

The W78P supports efficient provisioning and effortless mass deployment with Yealink's Redirection and Provisioning Service (RPS) and Boot mechanism to help realize remote deployment, maintenance and upgrade.

The new web portal for device management brings clear and intuitive interface to upgrade user experience.

Yealink Full-range of DECT Devices Solutions

Yealink W78P DECT IP phone system is also compatible with Yealink whole series of DECT endpoints including handsets, conference phones and DD phones, offering additional choices for building up wireless communication network in various workspaces across small and medium size business.
