R28,539

The Yealink DeskVision A24 is a ideal solution for personal space, phone room, and hot-desking. It offers a premium communication experience with AI-powered audio & video capability. The 23.8-inch in-cell touch screen provides a superb experience for collaboration and meetings. With all that, it is a dual-mode device that allows the user to connect the pc used just a single USB-C cable and with one button switching to get the powerful UC Workstation features like senondary touchable monitor, USB Camera/Mic/Speakers, PD power, network, USB-Hub and wireless charging to your smart phone.

DeskVision A24 makes any desk handy for collaboration.
