Model: 17194S

Manufacturer: INLINE

EAN: 4043718290529

Product Code: 456852

R1,062

This converter cable passively converts from Mini Displayport to DVI in Full HD. This means you can transfer a video signal from a PC, laptop or tablet with a Mini DisplayPort interface to a monitor or beamer with a digital DVI input. The signal can only be converted in this direction and not vice versa.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
