This InLine® HDMI-DVI adapter can be used to connect DVI video source cables with a digital signal, such as set-top boxes, DVD players, BlueRay, graphics cards and others to audio/video display devices with an HDMI socket such as monitors, projectors, digital TVs and others. This special HDMI adapter can be swivelled up to 180° by means of a mechanical joint, thus facilitating installation in situations where the distance between the TV or monitor and the wall is narrow.
