

Canon 051H High Yield Toner Cartridge, Black

Model: 2169C002

Manufacturer: CANON

EAN: 4549292088885

Product Code: 460292

R3,327

Canon 051H toner takes printer efficiency to new levels. Up to 4,100 pages can now be printed from a single compact cartridge at ISO/IEC 19752 standard for more efficient printing, delivering high-definition images consistently. Set up is easy and with Auto Seal Removal technology you can automatically remove the seal when replacing the cartridge, reducing mess or waste and saving time. Checking the remaining volume of the cartridge and knowing when you need a replacement is simple using the checker-level facility and the 051H packaging is fully recyclable and has a reduced CO₂ footprint.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
