

InLine Wall mount, for monitors up to 69cm (27"), max. 15kg, 2-part arm

Model: 23105D

Manufacturer: INLINE

EAN: 4043718299898

Product Code: 460515

R1,624

Flexible screen alignment:The swiveling 2-piece arm allows for individual positioning for optimal viewing.

Increased security thanks to anti-theft protection:Additional protection against unauthorized removal with an optional padlock.

Quick installation and maintenance:Sliding VESA plate makes it easy to attach and remove the monitor.

High load capacity and versatile compatibility:Supports monitors weighing up to 15 kg and supports VESA 75x75, 100x100.

Neat cable management:Integrated guide ensures a clean and professional installation.

The InLine® wall mount with 2-piece arm has been specially designed for professional use. Thanks

to its high flexibility, it is ideal for use in offices, conference rooms, or public areas. The robust aluminum construction reliably supports monitors up to 69 cm (27 inches) and weighing up to 15 kg. VESA compatibility (75x75, 100x100) allows for a wide range of devices to be used. The wall mount allows swiveling up to $\pm 90^\circ$, tilting up to $\pm 15^\circ$, and 360° screen rotation, supporting optimal ergonomic alignment. The retractable VESA plate is particularly practical, enabling quick monitor changes. Additional security is provided by the integrated anti-theft device, which can be combined with an optional padlock. Integrated cable management rounds off the professional overall picture.

Wall distance: 88–408 mm

Material: Aluminum

Suitable for screen sizes: 13–27 inches

Swivel range: $+90^\circ$ to -90°

Tilt range: $+15^\circ$ to -15°

Rotation range: $+180^\circ$ to -180°
