15 kg. The mount is VESA-compatible with 75x75 and 100x100 and allows for ergonomic alignment thanks to its tilt function ($\pm 15^\circ$), swivel range ($\pm 90^\circ$) and 360° rotation. The practical slide-in mechanism of the VESA plate simplifies handling during maintenance or replacement. The anti-theft device with optional padlock provides additional security. The integrated cable management rounds off this solution for professional use.

Wall distance: 88–248 mm
