

InLine Monitor Platform+, 2x USB 3.2 Gen1 and QC3 charging, 80mm, max. 15kg

Model: 23175B

Manufacturer: INLINE

EAN: 4043718293995

Product Code: 460554

R1,593

Ergonomic workplace optimisation:The 80 mm monitor riser supports improved sitting posture and contributes to structured screen positioning.

Integrated USB extension:Two front USB-A ports enable fast data exchange directly at the workplace without an additional external hub.

Quick charge function with QC3.0:The integrated USB-A charging port with Quick Charge 3.0 enables efficient charging of compatible devices with a stable power supply.

High load capacity:The stable construction made of MDF, steel and plastic supports monitors weighing up to 15 kg and is suitable for permanent use.

Structured workplace organisation:The storage areas next to and below the monitor create

additional storage space and reduce visible cable connections.

The InLine® Monitor Podium+ combines ergonomic workplace optimisation with integrated USB expansion and charging function. The fixed 80 mm elevation raises the monitor position to a comfortable viewing height. This supports an upright sitting posture and contributes to a structured workplace design.

The integrated interfaces expand existing systems directly at the workplace. Two USB-A ports are available for fast data transfer. In addition, a USB-A charging port with Quick Charge 3.0 enables efficient charging of compatible devices. The connection to the PC is made at the rear. Power is supplied via a 12V/2A power supply unit.

The high-quality MDF panel in birch finish offers a durable surface and blends harmoniously into a variety of office environments. The sturdy construction is designed for a maximum load of 15 kg. Measuring 554 x 215 x 80 mm, the platform offers additional storage space under and next to the monitor. This creates a structured workspace with optimised use of space.

Dimensions: 554 x 215 x 80 mm

Monitor height: 80 mm

Maximum load capacity: 15 kg

Material: MDF, steel, plastic

Front USB ports: 2 x USB-A USB 3.2 Gen.1, 1 x USB-A QC3.0

PC connection: 1x USB Micro-B USB 3.2 Gen.1

Power supply: 12V/2A power adapter

Cable length USB-C to Micro-B: 1.8m

Cable length power adapter: 1.8m

Scope of delivery: 1x platform, 1x USB-C to Micro-B cable, 1x power adapter
