

InLine foot rest, ergonomic, black

Model: 23175C

Manufacturer: INLINE

EAN: 4043718294008

Product Code: 460555

R1,119

Ergonomic support for healthy sitting posture: The footrest improves the position of your legs at work and contributes to a stable, comfortable sitting posture.
Non-slip design for secure footing: The design ensures a firm grip on different floor coverings and prevents slipping during use.
Sturdy design with high load capacity: With a load capacity of up to 10 kg, the footrest is suitable for daily use in the office.
Generous standing surface for optimum comfort: The dimensions of 502 x 277 x 135 mm offer sufficient space for a natural foot position.
Discreet black design: The neutral colour scheme blends harmoniously into modern workplace environments.

The InLine® footrest supports the ergonomic design of workplaces and contributes to improved sitting posture. The elevated position of the feet allows for a more comfortable leg and body posture, especially during longer periods of sitting.
The stable and non-slip design ensures a secure footing on various floor coverings. The construction
