

InLine TV stand, height adjustable, for LED TV 37"-70" (94-178cm), max. 40kg

Model: 23195A

Manufacturer: INLINE

EAN: 4043718305650

Product Code: 460579

R3,264

Easy installation without drilling: The stand can be set up without wall mounting and is ready for immediate use—ideal for flexible locations.

Flexible height adjustment: Three selectable positions allow the screen height to be precisely adjusted to different room layouts.

Sturdy steel construction: The robust design with powder-coated surface safely and reliably supports displays weighing up to 40 kg.

Swivel tilt range: With ± 35° rotation, the optimal viewing angle can be quickly adjusted.

Integrated cable management: Concealed cable routing ensures a neat, professional appearance in any environment.

The InLine® TV stand offers a stable and flexible solution for presenting LED, LCD, and curved

displays. The stand can be assembled without drilling, making it particularly suitable for rooms where wall mounting is not possible or desired. The triple height adjustment on the brackets allows for precise adjustment to different screen sizes and room heights.
With a load capacity of up to 40 kg and compatibility with VESA standards from 200 x 200 to 600 x 400 mm, the stand is extremely versatile. The solid steel frame with a finely structured, powder-coated surface ensures stability and durability—even in intensive continuous use, such as in conference, exhibition, or training rooms.
The integrated cable management in the column ensures a clean appearance and protects cables from damage. The ± 35° swivel screen area allows for optimal viewing of the display from different positions. With its modern, minimalist design, the InLine® TV stand blends harmoniously into professional environments and underlines the high-quality standards of modern media technology.

Material: Steel / plastic
Color: Black, finely textured
