Class-leading reliability

The DR-C230 has been engineered to ensure maximum dependability. Its 60-sheet ADF seamlessly feeds various media sizes, delivering up to 3,500 scans per day.

Simple, swift scanning

This convenient desktop model allows users to scan with a single button press, and offers useful features such as automatic page size and text direction detection.

Broad software selection

Featuring an impressive range of applications, the DR-C230 has the tool for every job, with CapturePerfect and CaptureOnTouch V4 Pro included.

Cost-effective operation

Consuming just 19W in operation and 1.4W in standby, the DR-C230 is both environmentally and fiscally efficient, without compromising on performance.
