

InLine Internal Power Adapter 20 Pin ATX-NT to P8/P9 AT Board + Switch 20/0.80m

Model: 26641S

Manufacturer: INLINE

EAN: 4043718042524

Product Code: 461607

R889

This internal cable allows the output of a 20-pin ATX power supply to be used to power P8 and P9 motherboards. An additional cable connected to the ATX power connector allows connection to a possible on/off switch for the power supply.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
