The MPG SEKIRA 500G is the most innovative, sophisticated and customizable gaming chassis inspired by the Axe of Perun, the most powerful & highest God in Pantheon. Its sharp, chiseled edges and the tilted slash across the facade reflect the power of the Axe of Perun while terminating the wickedness & evil for justice.

EXTRACTABLE RADIATOR BRACKET DESIGN FOR EASY TO UPGRADE

The modular radiator bracket is for an easy installation & offers ample space for hardcore water-cooling setups without tools to provide the smoothest building experience.

TOOL-LESS TEMPERED GLASS: TWO HINGED SWING-DOORS

Two hinged swing-doors with premium-quality 4mm thick tempered glass design guarantees window durability and viewing capability

OPTIMIZED AIR FLOW

Two fans aligned vertically on the front to draw in air evenly across the entire face of the enclosure. That will contribute to positive air pressure within the case, the rising warm airwill will always be exhausted with the rear and top airflow from the MPG SEKIRA 500P.

WATERCOOLING SUPPORT

The front panel is compatible with up to 280mm radiator.

VERTICAL GRAPHICS SUPPORT

Fit up to three graphics cards in standard orientation, or one with vertical way for extra showcase.
