

InLine USB car power adapter power delivery, 2x USB-C, black

Model: 31502Y

Manufacturer: INLINE

EAN: 4043718315574

Product Code: 465854

R1,096

Convert 12V / 24V car power outlet to 5V USB port with this power adapter to charge or power your navigation system, smartphone, tablet or any other mobile USB device. The 33W car charger is USB PD 3.0 compatible with PPS and offers various output options. PPS (Programmable Power Supply) allows the current and voltage delivered through the USB-C port to be dynamically adjusted, meaning the power supply can flexibly respond to the needs of the connected device and deliver the optimal power. Simultaneous use of both USB-C ports is possible with a maximum power of 24W.
