contrast ratio and precise colors. It lets you experience visual immersion, from enjoying entertainment to processing work.

webOS

Seamless channel surfing

Thanks to webOS, enjoy seamless access to a variety of content through apps like Netflix, Prime Video, Disney+, YouTube, Apple TV, and free LG Channels. Get personalized recommendations, explore apps like Sports, Game, and LG Fitness, and easily control everything with a remote. The 3-side borderless design of the slim white body enhances immersion, while 5Wx2 stereo speakers deliver crystal-clear sound for the ultimate viewing experience.

webOS

Home Office ready without a PC

webOS enables you to remotely access your PC and Cloud PC via Remote PC. This functionality lets you utilize various home office services, including video conferencing and cloud-based applications, all without a PC.

Game

Jump right into the game

No need for a gaming console - play games through LG Smart Monitor. Access cloud games directly from Home and swiftly connect to streaming apps for game content.

Music

Curated to your music tastes

Enjoy customized music immersively with 5W x 2 stereo speakers. You can search for music easily and access recently played songs from your streaming services quickly. Also, it recommends popular songs based on your preference.

Sports

Follow your sport teams

Support your team with personalized service. It shows updated information on your favorite sports team based on your profile.

LG Fitness

Personalized home fitness

Transform your living room into a personal gym with LG Fitness. Enjoy a wide range of workouts,

track your progress, and achieve your goals, all from the comfort of your couch.

Brightness Control

Bright intelligence in any light

Brightness Control detects light sources in your space and automatically adjusts the screen brightness for crisp and clear visuals, whether it's day or night.

Dynamic Tone Mapping

Come alive with brightness and contrast

Enjoy visuals as they were meant to be seen, with Dynamic Tone Mapping adjusting brightness and contrast for optimal detail and realism. Movies and games come alive with rich immersion and consistent quality across all content.

Simple design

Optimize your space, enhance your style

The 3-side borderless design of the slim white body, combined with the flat, minimal stand, seamlessly blends into your office or home, occupying minimal space. It offers an ideal viewing experience with convenient tilt and height adjustments.

USB-C

Productivity hub with easy connectivity

USB-C port allows from display and data transferring to connected device charging (up to 90W), enabling support for your laptop, all at the same time over a single cable.

Built-in Full HD webcam

All set to video calls

Streamline your virtual meetings with a webcam featuring a magnetic detachable design. Its sleek design blends into various space, and you can cover it quickly for extra privacy.

Privacy camera cover

Privacy in a snap

The privacy slider instantly covers the camera lens with a single touch, helping to protect your privacy when you want.

Built-in dual mic

Don't miss your voice
