

InLine USB 3.2 network adapter cable, Gigabit, USB-C to RJ45 plug, 5m

Model: 33381B

Manufacturer: INLINE

EAN: 4043718331321

Product Code: 466154

R1,377

Direct network connection for USB-C devices: Enables a stable wired connection for notebooks, tablets or smartphones without their own LAN connection.

Reliable data transmission at 1 Gb/s: Cat.6 technology with S/FTP shielding ensures high transmission speeds and minimal interference.technology with S/FTP shielding ensures high transmission speeds and minimal interference.

Rugged design for professional use: Textile jacket, aluminium housing and kink protection offer high durability - ideal for daily use in the field or office.

Maximum compatibility: Works with a wide range of modern USB-C devices, incl. Thunderbolt™ 3 systems - no additional driver required.

Compact solution for flexible applications: Ideal for mobile use, IT toolboxes or setting up temporary network connections.

The InLine® USB 3.2 network adapter cable has been specially developed for professional applications where a reliable, wired network connection via USB-C is required. With a USB-C 3.2 connector on one end and an RJ45 network connector (8P8C) on the other, it offers a direct connection to routers, switches or modems - without any additional adapters.
Thanks to the Cat.6 specification and high-quality S/FTP shielding, the cable achieves transmission rates of up to 1 Gb/s and ensures interference-free data communication - even in environments with high electromagnetic interference. The robust design with aluminium housing, textile jacket and kink protection makes the adapter cable ideal for intensive use in IT departments, technical services or support.
Whether for mobile use with a notebook in the field, when setting up new workstations or for quick diagnosis of network connections: This adapter cable offers flexibility, stability and compatibility with a wide range of modern end devices and operating systems.

Cat.6, 28AWG, S/FTP, TPE LSZH adapter cable
USB-C 3.2 plug
RJ45 plug (8P8C)
Cable sheath diameter: approx. 4.8 mm
Maximum transfer rate: 1 Gb/s
Colour: Black
Aluminium housing
