

InLine 4-port USB 3.0 panel hub for 3,5" floppy slot, black

Model: 33395B

Manufacturer: INLINE

EAN: 4043718203253

Product Code: 466161

R1,562

This Front panel hub allows you to connect up to four USB 3.0 devices directly from the front panel of your computer. You get 4 full valued ports that are of course also compatible with older USB 2.0 / USB 1.1 standards. The Front panel hub can easily mount into a 2.5" floppy bay installed, internally the hub is connected to the 19-pin internal USB 3.0 port on the motherboard or an optional USB 3.0 add-on card.
