R2,196

Sandberg Outdoor Solar Powerbank 24000 is a portable battery which is charged via a USB port or the built-in solar cells. You get up to 9 charging cycles for a typical smartphone and with its solid and rain proof packaging it keeps going even under harsh conditions. With USB-C connector to charge USB-C devices. Features a QC 3.0 USB connector for fast charge of supported devices.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
