This compact USB-C charger provides you with 2 lightning fast USB-C ports to charge your devices. You can choose to use one of the ports at the full power of 65W, which is sufficient to charge most laptops with a USB-C connector. Or you can use both ports at the same time, which means that the performance is distributed and can be used for simultaneous charging of a smartphone and a tablet or netbook, for example. Safety approved and built into a fire-retardant case.
