immersive audio in all games, or so you don't bother your roommates or loved ones while you're gaming. With audio controls on the D-pad, you'll never need to interrupt gameplay to adjust the volume. Redesign your gaming and the controller with the paddle-style, programmable back buttons and the interchangeable faceplate and pieces, which are compatible with all REMATCH and Faceoff Deluxe+ Audio Wired Controllers. With the officially licensed REMATCH Wired Controller, you'll be ready for anything the game, or your enemy, throws your way.
