The slim ear hooks are designed with glasses wearers in mind, ensuring a comfortable fit so you can enjoy music and make calls without any discomfort.

Super Bass, Super Boom.

Experience the first-ever dual-algorithm innovation with virtual bass and dynamic control, delivering an immersive sound experience designed for your ultimate enjoyment and comfort.

**Immersive Sound,
Where Every Melody
Comes to Life.**

Natural reverberation and precise positioning create cinema-quality surround³ sound for unmatched immersion.

**Active Noise
Cancellation**

One Tap to Block Out the World

The industry's first open-ear 3-mic hybrid active noise cancellation⁴ system accurately and efficiently blocks external noise, allowing you to enjoy music and make calls privately, even in noisy environments.

Goodbye to Noise, Hello to Clear, Immersive Sound.

Our advanced Voice Pickup Technology combines Voice Accelerometer (VACC) with a 3-mic array and bone voiceprint sensor technology to deliver unparalleled clarity during calls. The call is windproof up to 6m/s, ensuring a clearer experience.

AI Privacy Call, Your Conversations, Secure and Private.

The reverse sound field acoustic system directs sound into your ears to reduce audio leakage. Even in quiet environments such as elevators or conference rooms, you can chat freely without worrying about your privacy.

AI Translation, Bring Down the Language Barrier.

The Shared mode¹ chat connects both parties with a pair of earbuds, realizing real-time communication with the same words in two languages played on each side, making language no longer a boundary.

Your Personal Idea Hub.

You can call upon the voice assistant at any time without any wake-up word. It can quickly respond to your needs and help complete various operations.

Seamless Multi-device Connection, Enjoy at Ease.

You can share your earbuds between devices. In the HONOR MagicRing, you can drag them to any device to achieve seamless device switching and audio sharing, allowing you to enjoy music freely.

Find Your Earbuds, Just a Tap Away.

If the earbuds are accidentally dropped, the "Find Earbuds" function can be turned on, making the earbuds in the corner beep to help you find them at once.

Multiple Intelligent Control, All at Your Fingerprint.

The earbuds support multiple gesture control, such as double clicks, triple clicks, and long presses. Each earpiece can adjust the volume with a swipe, making it more convenient to control the sound effects.

Extra-fast Charging, Extra Enjoyment.

15 minutes of fast charging ensures 2 hours of usage,⁷ refilling the battery quickly and allowing you to enjoy unlimited music anytime and anywhere.

Extra-long Battery Life, Unlimited Music.

With the charging case, the earbuds enjoy a comprehensive battery life of up to 22 hours and a single-cycle battery life of up to 6 hours, allowing you to have a music feast worry-free.
