Model: 55368A

Manufacturer: INLINE

EAN: 4043718282098

Product Code: 469447

R1,345

The InLine® Design Desktop, Keyboard-Mouse Set, is an input device for Windows PC and Mac. The wireless keyboard, with flat keys, has practical function keys for easy control and execution of various functions such as volume or navigation functions, which enable simple and intuitive navigation of menus, multimedia and the Internet. It features a high-gloss surface and high-quality ABS material. In addition, the buttons have a rough surface, which enables an anti-slip function. The design mouse is optical, with 5 buttons, scroll wheel and a DPI switch (adjustable resolution 800/1200/1600)

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice.
