

InLine Anti-Static Working Mat 50x60cm for PC Server Notebook repair

Model: 55553M

Manufacturer: INLINE

EAN: 4043718133338

Product Code: 469467

R1,345

Effective ESD protection for sensitive components: The matt surface reliably prevents static discharges when handling sensitive electronics.
Compact, practical size: 50x60 cm - ideal for workstations in technical and repair areas.
Direct earthing connection included: supplied with spiral cable and alligator clip for safe discharge of static charges.
Durable and easy-care design: Robust PVC material with a long service life, easy to clean and non-slip.
Versatile use in professional environments: Ideal for IT workshops, repair stations, production environments or training workstations.

The InLine® antistatic work mat was specially developed for professional use in the electronics and IT sector. It offers reliable protection against electrostatic discharge (ESD) and thus protects

sensitive electronic components during maintenance, repair or assembly. With a compact size of 50x60 cm, it is the ideal carpet pad for workstations in the technical and service sector. Its flat height of just 2 mm provides an ergonomic work surface without being bulky or obstructing tools. The matt surface is non-slip and made of high-quality, conductive PVC. It is characterized by high durability and easy maintenance and is therefore particularly durable. The scope of delivery includes a spiral cable with crocodile clip, which enables a simple connection to an earthing point. This creates a safe, standard-compliant working environment - essential for workshops, system houses or even the IT sector in companies. The InLine® antistatic work mat is suitable for both permanent workstations and mobile applications, e.g. for rollouts or technical training. Its combination of protective function, stability and easy handling makes it an indispensable accessory for professional work with sensitive electronics.

Material: PVC
Color: Grey
Surface resistance top side: 10^6 ~ 10^9 Ohm
Surface resistance bottom side: 10^3 ~ 10^5 Ohm
Thickness: 2 mm
Dimensions: 50x60 cm
Scope of delivery: work mat, spiral cable, crocodile clip
