

Bosch Universal Saw 18V-100 power jigsaw 2600 spm 2 kg

Model: 603011100

Manufacturer: BOSCH

EAN: 4053423225952

Product Code: 470732

R2,666

True all-rounder for versatile sawing jobs

For an array of home sawing jobs, whether it's cutting parquet or making shelves, the cordless UniversalSaw 18V-100 takes it all. It offers a cutting depth of 100 mm in wood and up to 8 mm in steel and comes with a selection of useful accessories. This jigsaw delivers a top job with speed thanks to a 4 steps pendulum, which pushes the blade through even the hardest materials. Advanced and newbie DIYers will appreciate the comfortable, soft start and adjustable power control of the speed trigger, as well as the SDS system which provides comfortable and easy blade changing. The tool belongs to the POWER FOR ALL ALLIANCE. One battery can operate a large variety of tools from different brands.

POWER FOR ALL cordless systems from Bosch

Whether drilling, cleaning or gardening. Switch quickly and easily between different devices with the

18 V POWER FOR ALL battery from Bosch. For even more flexibility the battery fits also in tools of other POWER FOR ALL battery alliance partner.

Fast progress thanks to circular cutting movement

The tool's orbital pendulum action provides a higher material removal rate due to a circular cutting motion. This efficient cutting process offers especially fast results.

Precise and hassle-free cutting

Enjoy accuracy and safe-cutting comfort on the job with the CutControl and splinter guard features. CutControl guides the tool along a straight cutting line for greater accuracy. With the splinter guard, there is no bothersome splintering on the top side of the workpiece.

Quick and easy saw blade changes

SDS is an accessories mounting system that enables quick and easy keyless saw blade changes and ensures that blades are automatically tightened when the cap is closed.

Tackle a wide range of jobs with angles up to 45°

The adjustable footplate allows angle cuts of up to 45°. Simply adjust the plate to set the desired cutting angle.

Lighting for better visibility

The PowerLight illuminates the cutting area, for better visibility, even in dim areas.

Blows dust away for a constant clear view

The integrated blowing function whisks away dust while cutting to maintain a clear view of the cutting line for increased accuracy.

Speed trigger for adjustable control
