

InLine Compact Desktop KVM Switch USB DVI 2 Port + Audio with Cables 1.2m

Model: 61602C

Manufacturer: INLINE

EAN: 4043718109173

Product Code: 470827

R2,794

2-port USB/DVI/audio KVM switch with True Transparent, USB emulation and monitor data mirroring incl. 2 x 1.2m PC cable. This 2-port DVI/USB/audio KVM switch has innovative features that give you unrestricted access to multiple computers and allows you to connect additional USB devices/mass storage devices. All driver functions of the keyboard/mouse are fully retained, even though they are emulated (= remain permanently logged on to both computers). In addition, and this is almost unique, the ‘really connected’ display is permanently emulated on all connected computers (DDC emulation).

Features:Please note:

The InLine KVM switches are designed for office and home office applications as well as for monitoring and controlling multiple computers from one workstation.

However, the KVM switches are not suitable for gaming accessories such as mice and keyboards with programmable special keys, nor are gaming monitors with high frequencies from 120Hz supported. The hotkey function for the keyboard only works on the designated console USB port; hotkey control is not possible when connected via the USB hub ports.
