

InLine Outdoor Install. Cable S/FTP PiMF Cat.7a AWG 23 Copper 1200 Mhz PE, 50m

Model: 70050P

Manufacturer: INLINE

EAN: 4043718219438

Product Code: 471721

R2,389

The installation cable will be delivered in a drum box for an easy take of the required length of data cable. The packaging consists of a plastic roller so that the data cable can be rolled up. This role is fixed in a reinforced cardboard carton, which allows a simple retain of cable. Advantages of the drum-box are as follow:

Cost reduction because of easy handling on site without additional tools for rolling up the cable

Handy an stackable packaging

Lightweight (can be send with standard parcel services)

Prevention of pollution and damage because of the packaging cardboard

Reduces average costs for small pieces of cable
