

InLine Flat Ultrathin Patch Cable U/UTP Cat.6 Gigabit ready green 2m

Model: 71602G

Manufacturer: INLINE

EAN: 4043718158485

Product Code: 471946

R820

Flat InLine® Patch Cable for Lan data networks in Cat.6 without U/UTP shielding. Ideal for Ethernet to Fast Ethernet connections of Switches, Routers, Hubs, Cards, Printservers and all active and passive network peripherals. This 4-pair twisted (Twist) and ultra-flat cable with a profile height of only 1 mm is ideal for all applications that require discretion and/or limited space. It can be placed behind furniture, skirting boards, jambs or under a carpet. When used inside Rack Lan this flat patch cable promotes air circulation, contributing to optimal heat dissipation, and makes it easier to access cables and sockets inside the cabinet.
