

InLine Fiber Optical Adapter Duplex LC/LC SM Ceramic Sleeve green

Model: 89989P

Manufacturer: INLINE

EAN: 4043718333110

Product Code: 474995

R820

Duplex LC/LC coupler for single-mode fibers- ideal for structured fiber optic connections

Fits SC simplex cutouts- easy integration into existing patch panels

Integrated laser protection shield- for additional security for unused ports

Ceramic sleeve for precise connection- minimizes attenuation and optimizes signal transmission

Metal bracket & UL 94V0 housing- for secure mounting and increased fire protection

The InLine® fiber optic duplex LC/LC coupler in single-mode design connects two fiber optic cables reliably and precisely. Thanks to its robust design with ceramic sleeve, it is ideal for use in demanding network environments such as data centers or backbone structures in office buildings and telecommunications systems. The green coloring indicates single-mode compatibility and helps with visual differentiation within larger network systems. The housing is flame retardant according to UL 94V0 and the sturdy metal holder ensures a secure fit in SC simplex cut-outs. In addition, an

internal laser safety shield is integrated, which reliably prevents unwanted light leaks - an important safety factor for professional use.**Additional technical specifications:**

Type: Duplex LC/LC coupler

Mode: Singlemode

Color: green

Suitable for SC simplex cut-outs

Laser protection: internal aperture

Features: PC acc. to UL 94V0

Handle: Ceramic

Holder: metal

Includes: dust protection cap (white)
