

ACT 1.8 meters adapter cable DisplayPort male to DVI male

Model: AK3995

Manufacturer: ACT

EAN: 8716065246056

Product Code: 480008

R1,151

DisplayPort is mainly used for connecting a video source to, for example, a monitor, but it can also be used to send data. A DisplayPort connector is quite similar to a HDMI connector, except that there is only one bevel on the side of the connector and not two bevels as with HDMI. The DisplayPort signal is not fully compatible with a HDMI or DVI signal.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
