

TP-Link Archer AX5400 Multi-Gigabit WiFi 6 Router

Model: ARCHER AX72 PRO

Manufacturer: TP-LINK

EAN: 4897098686775

Product Code: 481355

R3,726

FREE NETWORK CONGESTION WITH 2.5G PORTS

AX5400 Dual-Band Wi-Fi 6 Router

Full Release — Multi-Gig Wired Connections

In addition to stunning wireless speeds, AX72 Pro also provides premium wired connections. A 2.5Gbps port and 1 Gbps Port make full use of gigabit speeds from your local ISP. Break through the 1G bottleneck and drive your devices to peak performance. WAN/LAN support gives you remarkable flexibility to tailor both ports to fit your network’s need.

Warp Speed for Smooth 8K Streaming

Drastically improved speeds enable streaming, fast downloading, and gaming, all at same time. Need to go faster? Hop on 5 GHz with full speed boosting features, to stream multiple 8K videos without lagging.

Extensive Wi-Fi Coverage with Advanced Technology

Enjoy stable Wi-Fi connections even in the kitchen and bedroom. High-Power FEM, 6× Antennas, Beamforming, and 4T4R of 5GHz structures combine to adapt Wi-Fi coverage to perfectly fit your home and concentrate signal strength towards your devices.

USB 3.0 Ports

Easily share files between connected devices by plugging into an external drive. You can even make it your personal cloud storage and access it from outside securely.

Connect More, Stay Fast

Easily handle dozens of devices streaming and gaming at the same time — OFDMA and MU-MIMO combine to fure-proof your home network by providing greater capacity to connect more devices.

OFDMA

Enables differnet devices to share one transmission stream, increasing efficiency.

MU-MIMO

Transmits data to different devices simultaneously using multiple streams.

VPN Client and VPN Server:

More Granular VPN Function Usage

When using the VPN Client function, the device connected to the router can directly access the VPN server for remote office and cross-regional access. When using the VPN Server function, external devices can access the VPN server, including remote desktops, NAS, printers, cameras, and other devices in the home network.
