WiFi 7 offers accelerated throughput, lower latency2, stronger anti-jamming, and higher efficiency. Join the league of pros and experience the sheer performance of the next generation of WiFi.

10G and 2.5G Wired Connections

Experience lightning-speed connectivity with a 10 Gbps port and a 2.5 Gbps port, maximizing Gigabit+ speeds delivered by your internet provider. Break through the 1G bottleneck and unleash peak performance.

Dual Installation Options to Save Space

Whether it's on a desk, or hung on a wall, you can place the router any way you want to save the space of your house.

Create Whole Home Mesh WiFi

Archer BE450 is EasyMesh-compatible. If you have any dead zones at home, just add another EasyMesh router/range extender to further form your whole home multi-gigabit mesh WiFi. No more searching for a stable connection.

Your Security is Our Priority

With TP-Link HomeShield, enjoy advanced security features that deliver a safe environment that protects your family and network's data and privacy.6

Private IoT Network for More Security

Set up a separate WiFi for IoT devices and overlay HomeShield and advanced WPA3 encryption4 to better protect the security of your home network and IoT devices.

VPN Client and Server Supported

Allow devices in your home network to access remote VPN servers without needing to install VPN software on every device. Archer BE450 can run both the VPN and ordinary internet connections at the same time, delivering security and flexibility.
