R1,345

Fast Dual-Band WiFi

Dual-band Wi-Fi allows you to connect your demanding devices to the faster and clearer 5 GHz band, while a tradition 2.4 GHz band provides a far-reaching, stable connection to the rest of your devices.

Boosted Signal throughout Your Home

Access your entertainment from every corner of your home with 4 external high-performance antennas. Beamforming technology detects devices and concentrates wireless signals towards them,

even if they are far away or low-powered.

Talk to Devices Simultaneously

Equipped with MU-MIMO technology to connect more devices and maintain low latency. Concurrent streamings on 2 different MU-MIMO devices now will just be smooth as connecting only one, as long as you have enough bandwidth from your ISP.

Router Mode (Default)

Plug in an Ethernet cable to instantly create a private wireless network and share internet access with all your Wi-Fi devices.

Access Point Mode

Transform your existing wired network into a wireless one.

Range Extender Mode

Boost the existing wireless coverage in your house.

Versatile Management

Easily manage your home network with versatile built-in tools, including Parental Controls, Guest Network, QoS, and more.
