Unstoppable Turbo Game Acceleration

Archer GE230 enhances your gaming experience by providing advanced acceleration for applications and devices, while intelligently selecting the optimal traffic path for your game connections.

Flexibly Create Whole Home Mesh WiFi

Archer GE230 is EasyMesh-compatible. If you have any dead zones at home, just add another EasyMesh router/range extender to further form your whole home multi-gigabit mesh Wi-Fi. No more searching for a stable connection.

KEEP EVERYTHING SECURE

Archer GE230 features HomeShield, with a series of built-in services to provide comprehensive antivirus protection that ensures your total security while gaming online.
