Gigabit compatible

InLine Bulk ecoPacks are environmentally friendly bulk packaging in which the items are only packed in a PE bag to protect against moisture and in a uniform box. The packaging unit varies depending on the item size for optimal utilization. InLine Bulk ecoPacks are particularly suitable for direct use, e.g. B. for your own use or for installation at the customer's site. You get the proven InLine quality with minimal packaging. This saves time and money and protects the environment.

**More economical: quick unpacking saves you time**

Ideal for use by customers

**More environmentally friendly: Less packaging (small waste)**

The cables are packed together in a PE bag to protect against moisture. Individual slip bags are no longer needed.

**More economical:**

The packaging is based on the optimal utilization of the carton capacity. Resources are optimally used and utilized.

**Cheaper: price advantage through bulk purchase**

5% below the individual/normal price
