

XPG BATTLECRUISER Mid-Tower Black

Model: BATTLECRUISER-BKCWW

Manufacturer: ADATA

EAN: 4710273773025

Product Code: 483311

R3,356

Looks That Kill

With a sturdy metal construction and tempered glass on four sides, the XPG BATTLECRUISER is an epic-looking super mid tower chassis. Take things up a notch with four pre-installed ARGB fans with 13 lighting modes, including Music Sync mode.

No Tools Needed

A magnetic front panel and dust-filter make installation a snap. The side panel and upper panel are easy to assemble as well, and without the need for tools.

Keeping It Cool

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Revel in the XPG BATTLECRUISER's insane cooling capabilities including a high air flow layout, four 120mm ARGB fans as well as support for multiple radiators (up to 360mm) and a CPU cooler (up to 175mm).

Made with Upgrades in Mind

The interior layout is designed with future upgrades in mind. It supports an array of motherboards (up to 300mm/E-ATX), graphics cards (up to 400mm), dual GPUs vertically, and additional fans (up to three 120mm fans, and one 360mm radiator up front or on the top) Meanwhile, smart cable management will help you keep things tidy.

Flexible Storage Options

The XPG BATTLECRUISER accommodates different storage configurations, up to three 3.5” or six 2.5” HDDs/SSDs.

Versatile Combo of I/O Ports

A versatile combo of I/O ports, including USB Type-C and Type-A, make life easy. Also, a unique power on/off button that's shaped like a play button launches you into battle.
