BE Flexible Single

Easy to install, adjust and with lifetime guarantee this is the best monitorarm we've ever made!

The monitor arm at its best

The BE Flexible is as a monitor arm should be, quick and very easy to install, equipped with the latest innovative technology and also made of 72% recycled material and is 100% recyclable! Everything you need for your ideal workplace.

Quick and easy to install

If you are looking for a monitor arm that is enormously quick and easy to install, then the BE Flexible is the perfect arm for you. The monitor arm consists of just a few parts, which can be installed and adjusted with one allen key. The allen key is easy to store by the monitor arm's clamp after use.

With the BE Flexible, you do not have to crawl under your desk and mount the monitor arm from the bottom. Mounting is easy from the top by means of top-down installation with a clamp or bolt-
