Product information "Electric fold-down TV ceiling mount, 32–70", with remote" from LogiLink Amaze with a single button press. The electrically fold-down TV ceiling mount with remote control from LogiLink is ideal for flat or angled ceilings at home or in the office. With the wireless remote control you can program your preferred viewing angle and thus quickly and easily move your TV into the desired position. Thanks to the well-balanced & powerful motor, the motion is smooth and easy to perform.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
