Model: BST200WE

Manufacturer: BRAUN

EAN: 4022167602107

Product Code: 484981

R1,409

Braun TempleSwipe™ thermometer - simply swipe over the temple for an accurate measurement in just seconds. It is fast, gentle and easy to use. Thanks to Braun TempleSwipe Technology™, our sensor captures a multitude of infrared heat points during the swipe motion to lock in precisely the correct temperature, ensuring the best accuracy every time. Braun TempleSwipe™ is safe and hygienic, and is suitable for the whole family including newborns.

TempleSwipe Technology™

Thanks to Braun TempleSwipe Technology™, our sensor captures a multitude of infrared heat points during the swipe motion on the temporal artery to provide an accurate temperature measurement.

Colour-coded fever guidance
