R6,241

The ThinkCentre Tiny-In-One (TIO) 24 Gen 5 displays visuals and video content with great clarity on the borderless In-Plane Switching FHD panel with 99% sRGB color support. It provides a complete working experience when paired with its VoIP features, a modular design which allows it to be attached with Lenovo's range of high-performance ThinkCentre and ThinkStation Tiny Computers from 4th Gen.

These can be effortlessly installed and housed in the dedicated slot at the back of the monitor, giving you a cable-free desk. Enjoy a consistent experience while using the classic installation mechanism quickly and easily mount Tiny PCs to the monitor. Designed for efficient remote collaboration, it has a 1080p RGB webcam with a noise-cancellation microphone for crystal-clear audio and video.

Besides that, the Smart Traffic Light indicator indicates the status of an ongoing interaction or

meeting, helping you avoid unforeseen distractions. Two integrated 3W user-facing speakers play the audio with amazing fidelity, making attending meetings a much more pleasant experience. Dedicated VoIP buttons allow you to easily mute or change the volume, making your remote meeting experience much more convenient.

User-centric features like ThinkShutter allow you to cover your webcam lens for enhanced privacy and security. The monitor's Natural Low Blue Light technology works to reduce the harmful blue light without any color distortion during long working hours.

In a nutshell, the TIO 24 Gen 5 helps you get a clean, clutter-free desk, collaborate seamlessly and multitask efficiently to maximize productivity.
