APC Easy-UPS BV500I-GR - 4x Schuko socket, 500VA

Model: BV500I-GR

Manufacturer: APC

EAN: 731304338284

Product Code: 485291

R2,418

Security through emergency power

An APC Easy-UPS has a built-in battery that ensures that all connected devices, such as a NAS, router, modem and media box, continue to work if the power goes out. This prevents downtime, damage to equipment, and loss of data.

Safety and convenience

In addition, this safe APC UPS protects valuable equipment against peak voltage caused, for example, by lightning strikes. Because the APC Easy-UPS BV500I-GR can also be mounted on the wall and is equipped with 4 rotated sockets (45°), this APC emergency power supply is also a suitable UPS for the meter cupboard.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Expected battery life

Load in Watts, battery life in Minutes:

10W = 100 Min.

40W = 40 Min.

80W = 18 Min.

120W = 5 Min.

180W = 3 Min.

240W = 0.5 Min.

Extends battery life

The AVR function extends both the expected battery life and the expected runtime by correcting both low and high voltages without discharging the battery.

Warranty extension

The factory warranty of the BV500I-GR is 2 years and you can upgrade to 5 years with the APC service pack (WBEXTWAR3YR-SP-01A).
