Epson 202 Kiwi Claria Premium Individual Genuine Inks

There's no need to choose between your heart and your head, the 5-colour Claria Premium Ink produces both high-quality documents and outstanding, glossy photos. It truly gives you the best of both worlds with a black pigment ink for document printing and four dyes including a black for photos.

Reduce your printing costs

Epson offers standard and extra large (XL) ink cartridges so that you can pick the best value option for your needs. XL inks are great if you print in high volumes and can help to reduce your printing costs. With both sizes, the colours are available individually so only the colour used needs to be replaced. That means less wastage and great value.

Meet the range

Epson's Claria Premium 5-colour ink set is ideal for busy households who want the best of both worlds – high-quality document printing and outstanding, glossy photos. It combines pigment and dye-based inks with the additional benefit of a photo black ink. This means that as well as creating durable text documents, these inks produce high-quality photos. What's more, photos printed with this ink can last up to 300 years in a photo album*, ensuring your treasured memories are protected for generations.

Optimised for Epson printers

Epson inks and papers have been developed to work hand-in-hand with Epson printers to produce the best results time and time again.

The genuine article

Enjoy hassle-free and reliable printing with Epson's genuine inks. We invest in extensive research, high-tech manufacturing facilities and put our products through rigorous tests, to deliver the best quality product to you.
